OUR LEARNING *focus...*

Happy February! The kids have been doing great on their sight words, and they're just doing so well writing in their journals each day! I'm proud of them trying so hard (writing is tough!). February always goes so quickly, but it's one of my favorite months - lots of things seem to "click" this time of year and the kids just seem to make such amazing progress! We will keep doing daily journal writing, working on addition & subtraction (doing more story problems), and add time and money in gradually.

We will talk about story elements, focusing on characters, settings, and basic plot (mostly recognizing the beginning, middle, and end!). We're going to do a couple activities with "If you Give a Mouse a Cookie" book series, and some other activities with "Moe the Dog in Tropical Paradise" (one of my winter favorites). Of course we will do lots of Valentine's Day FUN (centers and crafts).

Thanks so much for all you do and being such supportive parents! It's going to be a fantastic month!!!
