

A+ Academy 2023

Happy March A+ Families!

We will continue with our rainforest unit for a bit (there is so much we can do with reading, writing, math, and science that fits!). We will continue practicing telling time to the half hour (quarter hour for some of the 1st graders), and practicing counting money (mostly counting by 1s, 5s, and 10s to 100). Speaking of 100, our 100th day of school is the 8th! Kids may bring in 100 items (marshmallows, pennies, marbles, etc.) - be totally creative! We'll do lots of 100th day activities! The kids are doing a great job on their journals - each day we write, they are improving on their letter formation, spacing, and writing more details. Every day on the back of their "morning work" is a reading passage. They read it with me in class, but please have them read these to you a couple times each day. Rereading passages (especially with familiar sight words) really builds their confidence and improves their fluency. I hope you have a wonderful spring break! Since St. Patrick's Day is over spring break, we might just have to make leprechaun traps and invite him early!

Graduation Party:

Our end of the year party will be Wednesday, April 26th at 11:30am. Thursday, April 27th will be a fun last day of school.

School Registration:

We are closed for the entire week of Spring break. Monday, March 13th – Thursday, 16th.

Spring Picture Day:

Spring school pictures are Monday, April 17th. More info to come!

Spring Dance Recital:

The Spring dance recital weekend will be April 28th & April 29th. Tickets go on sale April 3rd.
